Special Note to Parents:

Onsted Community School District does not sponsor, endorse, support or otherwise monitor or supervise the events and/or activities of the K.Y.B. Release Time Program, which is a private, independent organization which is not affiliated with the School District in any way. Onsted Community School District has no responsibility or legal liability for any of said events and/or activities, and has required this statement to be placed in this communication to place all potential participants in said events and/or activities on notice of all of the above.

Hi Parents!

School has begun!

It's that time of year when we at **Gateway Community Church** begin our "release time" classes. For one hour a week we like to take time to teach students important lessons about life from the Bible's point of view.

Some of the subjects we teach are:

Telling the truth

It's important to listen to parents

Be nice to others and love others like God does

Do things well

Where does the Bible come from?

How to go through tough times?

You are special to God

Who is Jesus and what's the big deal?

Etc.

We call our program "**KYB Club**" (Know Your Bible) and have provided this service for over 40 years. This year, we are planning to begin on Wednesday, October 4th so it will be important for us to get the permission slips to the teachers right away. The program season ends on Wednesday, March 20, 2024. Throughout the program season, students in grades 1-4 meet every Wednesday, except on certain special days on the school calendar. We are glad to work with the teachers on those special days. The 5th graders only meet on the first Wednesday of each month.

Hope to see your student!

Craig McMichael, Associate Pastor

Gateway Community Church
